### INNOVATIVE TORIC SHAPE

Reduces Visual Distortion

### DURABILITY

Premium anti-fog & anti-scratch coating  
Injection molded nanoparticle technology resists UV degradation

ARC-Shield is an injection molded window measuring 10 " x 18.5 " x.075 " . Anti-slip / anti-fog both sides. Molded polycarbonate. Sewn on hook to attach to hood. Extra light enhancing green for optimal light transmission and visibility, as opposed to dark lenses.

Up to ATPV 45 cal/cm<sup>2</sup>  
when used in our 45 cal arc hoods.

Dual pane faceshield. Up to ATPV 75 cal/cm<sup>2</sup>  
when used in our 75 cal arc hoods.
